INDEPENDENCE DAY ACCIDENT RECORD

Not Nearly so Many Killed and Wounded as Last Year.

USUAL LIST OF EXPLOSIONS AND TOY PISTOL FATALITIES

Prostrations From Heat Broke the Record Causing an Unusual List of Deaths and Cases of Insanity—Not So Many Fire Alarms as Has Been the Case in Large Cities.

Chicago July 5.—The Tribune today prints the report from all over the country showing the number of persons killed and injured as a result of celebrating the Fourth of July.

The number actually killed is less than last year, being 19 against 30 then, but the number of injured is considerably larger, the figures being 1611 against 1325.

The real list of fatalities will however not be known until the number of deaths resulting from lockjaw caused by toy pistols wounds come in.

Last year in Chicago there were no deaths reported on July 5 from toy pistols, but before the month was out 25 had died from the resulting lockjaw and the remainder of the country set in equally fatal records. Chicago last year had one death and 42 injured. This time no death is reported but there is a list of 103 injured. The number of wounds from toy pistols however is limited to five which would indicate that the prohibition put on that dangerous toy was at least partially effective.

Of other cities, Philadelphia makes the largest showing. "It reports 175 casualties of every kind and description and Cincinnati comes next with 150. New York was singularly lucky, being behind Chicago in the list of injured but it had three deaths resulting from an explosion of fireworks and New London had a premature explosion of a cannon by which two were killed.

In Quincy, Ill., there was also a fatality from a runaway caused by a horse becoming frightened at fireworks and there were a number of injuries in various cities growing out of the same cause. In the list of fatalities, explosions of fireworks and the careless handling of firearms caused the majority of deaths, but over one third of the injuries were caused by the careless use of fireworks, more especially sky rockets.

Next to the fireworks comes the toy pistol in the casualty list. Two hundred and forty nine children were injured by these "toys" in various cities of the country and the question is now what will the fatality list from this source finally amount to.

The other causes of injuries divided the honors fairly well between them except that the most serious harm was done by the premature explosion of cannon in the hands of people who were not accustomed to their use. In several cases unfortunate lost hand and arms by this means. A lamentable case occurred in a small town South Dakota where a boy was instantly killed by the explosion of an anvil which was being used in lieu of a

cannon. The loss by fire resulting from the careless use of fireworks or their premature explosion was less than in previous years, the fires as a rule being small ones and the damage light. In the entire country from reports received last night, it amounted to but a little over \$60,000.

Chicago, July 5.—Prostrations from heat made a new record for the present summer yesterday. At 2 o'clock this morning 26 cases had been reported. The deaths numbered five. Not only were people overcome but in at least two instances insanity followed. While most of the victims will recover, several are said to be in serious condition and may be added to the death roll later.

Chicago, July 5.—Never in the history of the fire department has Chicago had such a quiet Fourth. From midnight on the 3rd until midnight last night there were 41 alarms with a loss estimated at \$500.

New York, July 5.—In the 24 hours ending at midnight the total number of fires was 35 and the total damage done was only \$2040. The police and fire officials say this is the lightest damage they have ever known for a Fourth of July and they cannot account for it, except that so many people fagged out by the heat of the past few days a smaller number than usual celebrated the day with fireworks, the majority preferring to seek the cool breezes of the suburbs.

MORMON BAPTISMAL SERVICE

New York, July 5.—In Jersey City and on the shore of New York Bay, Miss Elizabeth Dickinson, a former secretary of the Young People's Society of Christian Endeavor of the Port Morris Congregational Church, in the Bronx, has been baptized into the Mormon faith. Prior to the ceremony between 30 and 40 Mormon missionaries and converts from New York and Brooklyn held a service of song, prayer and testimony. The subject of polygamy was not mentioned. Most of those in attendance were women. Among the men were William J. Snow, president of the Brooklyn Mormon Conference; John E. Baird, vice president on the Eastern States Mission and Elder Samuel Neff who performed the baptismal ceremony.

In the service which preceded the ceremony addresses were made by Elders Neff and E. D. Clyde and B. F. Cummings, the last named a business man of Salt Lake City.

The tide was not at flood and Elder Neff and the convert had to wade out some distance.

PECULIAR POLITICAL ACTIONS

Denver, July 5.—Governor Orman today accepted the resignation of Wm. H. Griffith as member of the Denver Fire and Police Board. Griffith failed as agent for parties who held disputed state warrants, on which State Treasurer Chipley recently paid out \$89,000 and had been severely criticized.

LAND FRAUDS REVEALED

Hitchcock Thinks Officials Have Not Been Vigilant.

Which May Involve Some of Oregon's Prominent Politicians.

New York, July 5.—A special to the Tribune from Washington says: News continues to reach the interior Department indicating an extensive system of land frauds in the Northwest. Thus far the revelations are confined almost wholly to Montana and Idaho, Interior Department officials are inclined to believe from the extent of the alleged frauds and the apparent system under which they have been perpetrated that they are not confined to that area. Only a few days ago Secretary Hitchcock was informed of the finding of 102 indictments by the Federal Grand Jury at Helena against alleged land frauds in Montana and he received a telegram saying that the Federal Grand Jury in Idaho has returned 90 indictments for the same offense. The Montana cases grew out of the transaction by which United States Senator W. A. Clark has obtained possession of about 4000 acres of the public domain and timber land in that state. It

AMERICANS DEFEATED HENLEY FINAL

Leander Rowing Club Wins By a Length in Terrific Struggle—The Best and Most Exciting Tussle Ever Seen on the Thames.

Henley, July 5.—To the disappointment of all Americans at Henley, the Leander Rowing Club crew this morning defeated the crew of the University of Pennsylvania in final heat grand challenge cup. The Leanders won by length in seven minutes 4 1/2 seconds. It was best and most exciting tussle ever seen at Henley. Cheering for con-

testants as they struggled for lead was terrific. Henley never before heard such wild applause as greeted Pennsylvanians and Leanders all down the course and the cheering was delicious from partisans of the Leanders, as the latter's boat crossed the line at finish ahead of Pennsylvanians. Americans had defeated Belgians and Thames rowing club on first two days races.

London, July 5.—In the House of Commons last night, an acrimonious discussion arose between the Radicals and the Government on the south African war, Mr. Lloyd-Georgem and others violently denouncing the Government's war policy, William Redmond, Nationalist, reminded the Government that the day was independence day beyond the seas, and that British statesmen were now glad to claim kinship with and sing hosannas to greet the independent American. The anniversary, he insisted, ought to be a lesson to them. Mr. Brodrick, the War Secretary, amid continued disorders and interruptions from the Irish benches, reproached the pro-Boer Radicals with prolonging the war by encouraging the Boers to a vain resistance. He announced that the government had just received news that Commander-General Louis Botha had permission in June to communicate with Mr. Kruger, the result of which was a meeting at which General Dewet, General Botha and others besides, to continue the war and to accept no terms short of independence. Mr. Brodrick added that the government's resolution was still unshaken, and that great progress had been made in the war during the last three months. Sir Henry Campbell-Bannerman, who supported the Radical attack, declared that the government should endeavor to conciliate brave opponents.

Arthur J. Balfour, Government leader, protested vigorously against the pro-Boer attitude of the opposition, declaring that it prolonged the war and inflicted untold suffering upon an innocent population.

KING EDWARD'S TITLE WILL NOT BE EMPEROR

Protest Comes From Self-Governing Colonies of Great Britain.

FOURTH OF JULY DEBATE IN THE HOUSE OF COMMONS

American Influences are Felt—Objected to Being Called a Pro-Boer By Salisbury—Liberal Party More Than Ever Committed to Pro-Boer Policy.

New York, July 5.—Commenting upon Mr. Chamberlain's announcement in the House of Commons that the title of King Edward will be changed, the London correspondent of the Tribune says: The King cannot well be made Emperor of self-governing colonies such as Canada and Australia. In circles generally well informed the impression prevailed that the words "Sovereign of Great Britain" will be added to the present ceremonial title, which is "Edward, by the Grace of God of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith Emperor of India."

The debate arose on the second reading of the war loans bill authorizing the Chancellor of the Exchequer to provide 600,000 by creating consols during the current year. The reading was carried by 287 to 87.

The opposition attacked the government on the ground of the difficulty of recovering any considerable portion of the cost of war from the annexed colonies.

A dispatch read by Mr. Brodrick was a proclamation issued by Messrs. Schalk Burger and Steyn detailing the result of General Botha's communication with Mr. Kruger, being to the effect that Mr. Kruger and the Boer delegates in Europe still had hopes of a satisfactory issue of the war.

London, July 5.—The so-called "Asquith revolt" in the Liberal party has already collapsed. Sir Henry Campbell-Bannerman has withdrawn his accusation of jealousy, and the followers of Mr. Asquith have decided to attend the meeting of the Liberal party next Tuesday and to vote confidence in Sir Henry Campbell-Bannerman. This is probably the outcome of the failure to draw Lord Rosebery into taking sides in the quarrel. The Liberal party, as a whole, now more than ever committed to a pro-Boer policy.

He Has Saved My Life

State of Oregon } as Salem, Ore., May 1, 1900 }
County of Marion }
To whom these presents shall come (meeting), This is to certify that I have been afflicted with Ovarian Tumors for a number of years, also liver trouble. I desire to publicly state upon oath that Dr. J. F. Cook of Salem, Oregon, has removed said tumors, and in so doing, without the use of knife, plaster or poisonous drugs, and that I am entirely cured and believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Turner, Oregon.
MRS. CAROLINE ROTZOLL,
subscribed and sworn to before me this first day of May, 1901.
W. W. HALL,
County Clerk.

Do Not Listen to "Cappers"

Who are hired to defame me and my methods of treatment. If I could not cure people there would be no use in my name. It is because I do cure people that I am persistently misrepresented, but I keep on curing folks just the same and some of the best people in Oregon stand by me, for which I am thankful.

Send for Circulars containing testimonials from patients cured both in Oregon and in the East. Don't despair because you have been told you have been told you could not be cured. Dr. Cook has cured hundreds of people whose names have been pronounced hopeless by the "old school" physicians.

The doctor has devoted the best years of his life to the study of disease, and the use and application of Nature's vegetable remedies, until he knows absolutely just what he can do. This gives him confidence.
